Campus Carnival for Kids 4

MCEC's fourth annual Campus Carnival for Kids is for children with special needs (ages 12 and under) and their elementary school-aged siblings to enjoy two hours of fun, games, sports activities, snacks, and prizes.

Everything is FREE!

Children with severe challenges are encouraged to attend.

We encourage parents and caregivers to accompany their children throughout the carnival as guests. Every activity and carnival game station has been specifically designed to differentiate instruction based on the needs of each child, thus the event promises an evening of fun for children with special needs as well as their elementary school-aged siblings. Children with severe challenges are encouraged to attend.

This year's carnival features:

An aquatics theme, free snacks, special prizes, music, and lots of free carnival games!

There will also be a quiet room available.

Carnival in front of Osborne Hall

Please enter campus through the gated 25th Street entrance and park in the lot in front of Osborne Hall. Malone students will be stationed in the parking lot for those needing assistance. The Carnival is wheelchair accessible.

About MCEC

The MCEC (Malone Council for Exceptional Children) is a student organization for Malone University education majors committed to connecting with, and serving, families blessed with kids with exceptionalities here in the greater Stark County area.
