# Sib shops

*A Program for Brothers & Sisters  
of Kids with Special Needs*

Sibshops offers brothers and sisters the opportunity to meet other siblings of people with special needs, share common joys and concerns, and learn more about the implications of their sibling's disability – all in a lively, recreational setting. Sibshops reflects a belief that brothers and sisters have much to offer one another if they are given a chance.

Join us for new games, new friends, and discussion activities. Instructor **Marla Klein** has worked with special needs children and their families for over 20 years.

To register or for more information contact Mimi Hanley at 216-593-0448.
