

A SMILE AS BIG AS THE MOON

A Hallmark Hall of Fame movie based on the inspiring true story written by special educator, Mike Kersjes. Kersjes and his co-teacher, Robyn McKinney, guide their students, who have autism, Down syndrome, dyslexia, Tourette syndrome, learning disabilities and who are bullied, on a journey to NASA's Space Camp, originally designed for gifted science students. Kersjes's refreshing, heart-warming account proves that faith and vision can yield great things!
