This training is designed for
parents and will overview
the Individualized Education
Program (IEP) and how parents
can be effective partners
in the IEP process.

Participants will gain an
understanding of the IEP components
and the documentation necessary to
develop an IEP. Discussion will focus
on who is required to be involved in
the development of an IEP and what
the parent and school roles are in the
process. Each section of the IEP will
be reviewed with an explanation of
what information is required by IDEA
2004 and what needs to be recorded
in the various IEP sections.
