

Make It Today, Use It Tomorrow:

Visual Supports for Transition-aged Students with Special Needs (Grades 8-12)

Date: October 17, 2014

Place: John Carroll University, 1 John Carroll Blvd., University Hts., OH

Time: 9:00 a.m.-12:00 noon

**Beth Thompson, MSSA
Teen/Adult Services
Manager**

Beth has a Master's degree coupled with extensive hands-on experience working with high school students with autism. She has also worked with hundreds of teachers on evidence-based practices to support diverse learners in inclusive classrooms.

Problems with executive functioning or emotional regulation?

Gain access to tools that will help you solve the problems you have today, with visual supports you can use tomorrow. Your students need individualized help—so do you! Get personal attention on making the best visual schedules, prompts, and token boards to enable greater success for your students. Leave with everything you make plus lots of new ideas!

AGENDA

- 9:00 a.m. - Overview of Milestones Autism Resources
- 9:30 a.m. - The importance and basic techniques of visual supports
- 10:00 a.m. - Individualized creation of visual supports
- 10:30 a.m. - Break
- 10:40 a.m. - Individualized creation of visual supports
